

Goat slow jams while working at the scopes.
He's a scientist and misses his lab but keeps
a "small" one in the basement.

Everything okay down here, Goat?!

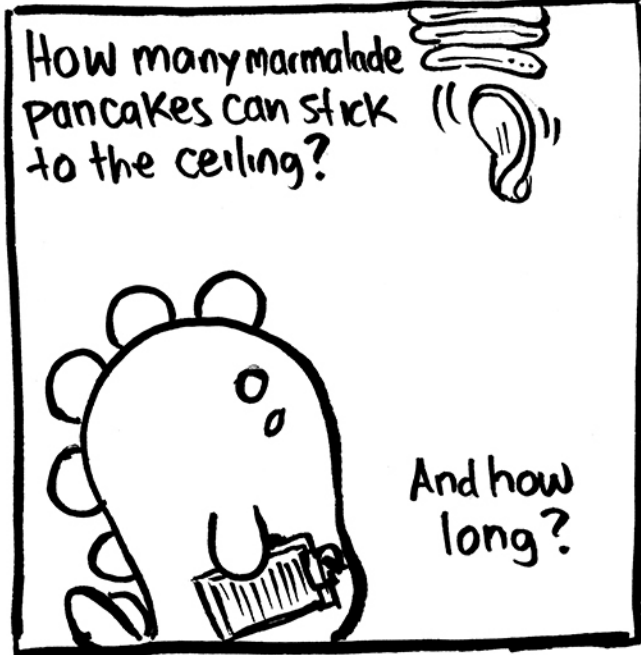

GOAT'S EXPERIMENT has gone AWRY!
Draw what happened!

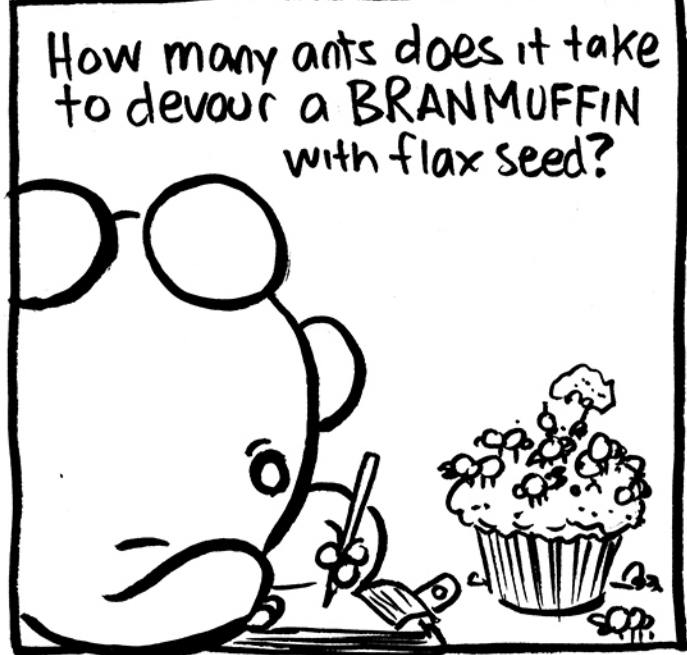

Goat's NOT the only one who can do the SCIENCES!

SCIENCE IS JUST ASKING QUESTIONS and TESTING THEM!

How many marmalade pancakes can stick to the ceiling?

And how long?

How many ants does it take to devour a BRANMUFFIN with flax seed?

Can a stack of old cell phones create a SUPER PHONE to call the past?

Can I swim better in a room full of JELLO?

DRAGON! WHAT'RE YOU DOING?!

Science.

Well, technically yes... you are.

Wanna help me tie these electric eels together...?

Science is MAGIC.

What're you doing?

Practicing my SILLY WALK!
