

# 100 Character Challenge

---

For the NEXT WEEK, your job is to draw 100 characters!!! They don't have to be GOOD characters but they need to COUNT. Draw full body characters, try new poses, splice existing characters together BUT don't worry about them being perfect! They don't have to all be people. Be sure to use different shapes and body proportions to experiment and discover characters you didn't even know you had in you!
